

# 33rd Annual *Seniors of Achievement*

*Montgomery Area Council on Aging*

***Seniors gave us birth, built our nation, fought our wars, and gave us the opportunities to be who we are today... we must not forget them.***

Since 1972, the Montgomery Area Council on Aging has assisted senior citizens by providing services that promote independent living, enhance quality of life, and increase community awareness of senior issues. For 49 years the support of the community, the many churches, civic organizations, individuals, and dedicated volunteers, have made it possible for MACOA to serve the seniors in our area. In an effort to recognize those who have truly blessed the lives of others, the Montgomery Area Council on Aging sponsors the annual Seniors of Achievement (SOA) Awards.

Over the years, 300 River Region seniors have been selected to receive this outstanding award based on the following criteria: Community Volunteer Achievement-significant lifetime contributions to their community, marked by care and concern for others; Personal Achievement-in pursuit of one's daily life the individual is the epitome of devotion to family, friends, faith and individual effort; Professional Achievements – having achieved a level of personal fulfillment marked by success in business, education, government, or military endeavors.

The Seniors of Achievement Awards Program is designed to recognize those from every walk of life who have truly blessed the lives of others. Nominees must be 65 years old or older, reside in the five county area (Montgomery, Elmore, Autauga, Tallapoosa or Coosa), and have demonstrated the criteria characteristics. Two references are required and may be contacted by the selection committee. In addition letters of support for the nominations may be included.

***Awards Presentation has been postponed to April of 2022***
